Dog Training & Canine Massage Therapy

10 Reasons why you should train your dog

1. Training can improve your relationship with your dog. Training can improve your understanding of your dog.
2. Trained dogs can be taken out more than dogs that misbehave and so are more likely to be included in family activities.
3. It provides your dog with the mental stimulation they need to keep them happy.
4. Reward based training is enjoyable for both you and your dog.
5. Training your dog decreases unwanted behavior, and makes it less likely that your dog will be re homed.
6. A trained dog is allowed more freedom than one which is not trained. For example if you are sure that your dog will come back when you call it is easier to allow your dog off the lead.
7. Owning a dog is a responsibility, and as a dog owner you should ensure that your dog is not a nuisance to other people.
8. You can take your dog out to a public place and be confident they will behave.
9. Your dog is much nicer to be around, he does not constantly want attention, or jumping up or mouthing.
10. Your dog will be more confident if he knows the rules

These are the main ones I can think of. Can you think of any more? If so get in touch.
